Office of the Registrar

The University of Hartford is an independent coeducational institution of higher learning and is accredited by the New England Association of Schools and Colleges.

ACADEMIC CREDIT

The academic year is composed of a fall semester, winter term, a spring semester, and two summer terms. Academic credit is awarded in terms of semester hours. Regardless of the length of the semester or term, the same academic credit is given for a course and a standard number of contact hours is maintained. Each course listed on the transcript will include the following information: Subject and Course Number, Descriptive Title, Semester Hours of Credit, and Grade.

COURSE NUMBERING SYSTEM

In addition to the alphabetical code designating an area of instruction, each course is assigned a three digit number.

9/1/57-5/13/84: The first and third digits are for institutional classification purposes only. The second (or middle) digit indicates the level of work as follows: 1 through 4 level course are undergraduate only; 5 level course are graduate level course intended primarily for graduate students but which are open by special permission to advanced undergraduates; 6 and above level courses are for graduate students only; 4 zero (0) in the middle position indicates a non-credit course.

5/14/84-Present: The University's course numbering system was changed effective for the Summer 1984 and subsequent terms. Under the current numbering system the first digit identifies the course level as follows:

- 0 = Non-credit course
- 1,2,3, or 4 = Undergraduate level course
- 5 = Graduate level course which may be taken advanced undergraduates
- 6,7,8, or 9 = Graduate level course open only to graduate students

Prior to Summer 1984:

If an asterisk appears to the left of the course code, the student has repeated that course. NP No Pass "NP" is not counted in hours attempted, hours earned, or in the grade points.

W Withdrawn Not counted in hours passes or grade points.

WF Withdrawn Failure Treated as an "F"

I Incomplete Not counted in hours attempted, hours earned or grade points. Converted to mandatory "F" for undergraduates if course is not completed by the end of the next regular semester while in residence. This policy became effective in the fall semester of 1969. There is no time restriction for graduate students to make up incompletes.

AUDIT Will not calculate into semester or cumulative totals.

V if a "V" appears to the left of the course code, the credits and grade points of this course do not enter directly into general University summaries and grade point averages.

NG No Grade issued by instructor ... Not counted in hours attempted, hours earned, or grade points. This is a temporary code until a grade is issued.

NR No Report on entire class issued by instructor ... Not counted in hours attempted, hours earned, or grade points. This is a temporary code until the report is issued.

Effective Summer 1984 to present:

W Withdrawn Withdrawn courses will not calculate into semester and cumulative totals.

I Incomplete "I" will not calculate into semester or cumulative totals.

NG No Grade Issued "NG" will not calculate into semester or cumulative totals.
